

Sunrise Institute of Technology

Student Guidelines and Code of Conduct

This document is a fictional sample created for a student RAG project. It describes general campus rules for library use, hostel accommodation, and academic conduct at the fictional Sunrise Institute of Technology.

1. Library Rules

The Central Library is open from 8:00 AM to 10:00 PM on all working days and from 9:00 AM to 5:00 PM on Sundays and public holidays. Students must carry their institute identity card to enter the library.

Each undergraduate student may borrow a maximum of 4 books at a time for a period of 14 days. Books may be renewed once for an additional 14 days if no other student has requested the same title. A fine of ten rupees per day applies for books returned after the due date.

Reference books, journals, and material kept in the reserved section may not be taken outside the library premises under any circumstance and must be read within the reading hall.

Silence must be maintained in the main reading hall. Group discussion is permitted only in the designated discussion rooms on the second floor, which can be booked in advance through the library counter.

2. Hostel Accommodation

Hostel accommodation is available to outstation students on a first-come, first-served basis, subject to availability of rooms. Applications for hostel accommodation must be submitted along with the admission form, and late applications are considered only if vacancies remain.

The hostel gate closes at 9:30 PM on weekdays and at 10:30 PM on weekends. Students returning after gate closing time must sign the late-entry register at the security desk and inform the hostel warden.

Visitors, including parents and guardians, are permitted in the common visiting area only between 10:00 AM and 6:00 PM. Visitors are not permitted inside student rooms at any time.

3. Code of Conduct

Students are expected to behave respectfully with faculty, staff, and fellow students at all times, both on campus and during institute-organised events off campus. Ragging in any form is strictly prohibited and will result in immediate disciplinary action, which may include suspension or expulsion depending on the severity of the incident.

Use of mobile phones is not permitted inside classrooms and laboratories during lecture and practical sessions unless the faculty member explicitly permits it for an academic activity.

Smoking, consumption of alcohol, and possession of any prohibited substance are banned across the entire campus, including hostel premises. Violation of this rule is treated as a serious disciplinary offence.

4. Academic Integrity and Plagiarism

All assignments, projects, and reports submitted by a student must represent the student's own original work. Copying another student's work, or submitting content copied from the internet without proper citation, is considered plagiarism.

A first instance of confirmed plagiarism results in a zero mark for that particular assignment. A second instance within the same academic year may result in a formal warning being placed on the student's academic record, and a meeting with the Head of Department.

Students working in groups must clearly state each member's individual contribution where the assignment guidelines require this, to allow fair assessment of each member's work.

5. Grievance Redressal

Any student facing an issue related to harassment, discrimination, or unfair treatment may approach the Student Grievance Committee, which meets on the first Monday of every month. Complaints may also be submitted in writing and dropped in the grievance box located outside the Dean of Students office.

The identity of a student raising a grievance is kept confidential unless the student themselves chooses to disclose it during the resolution process.

6. Campus Facilities

The institute provides a medical room staffed by a visiting doctor on weekdays between 10:00 AM and 4:00 PM for minor medical needs. For emergencies outside these hours, students should contact the security desk, which maintains a list of nearby hospitals.

The sports complex, including the indoor gymnasium and outdoor courts, is open to all students between 6:00 AM and 8:00 PM. Equipment may be borrowed from the sports office by submitting the institute identity card as a deposit, which is returned when the equipment is returned undamaged.

7. Canteen and Mess Facilities

The main canteen operates from 7:30 AM to 9:00 PM daily and is open to all students and staff. The hostel mess follows a fixed weekly menu displayed on the hostel notice board, and students may raise feedback about the menu through the monthly mess committee meeting attended by student representatives.

Outside food delivery to hostel rooms is permitted only up to 10:00 PM, after which the main gate security will not accept deliveries on behalf of students.

8. Use of Institute IT Resources

Computer laboratories are available to students for academic work between 8:00 AM and 8:00 PM on working days. Use of laboratory computers for non-academic purposes, such as gaming or streaming video unrelated to coursework, is discouraged and may result in temporary suspension of lab access.

Campus Wi-Fi is provided to every registered student through a personal login linked to their roll number. Sharing of Wi-Fi credentials with non-students is not permitted and is treated as a violation of the IT usage policy.

Any attempt to access another student's account, tamper with institute network infrastructure, or bypass content filtering on the campus network is treated as a serious disciplinary offence and may be reported to the Cyber Cell if warranted.

9. Extracurricular Activities and Clubs

The institute supports a range of student clubs, including a coding club, a robotics club, a music and drama society, and a photography club. Each club is assigned a faculty coordinator and receives a small annual budget from the Student Activity Fund.

Students wishing to start a new club must submit a proposal to the Dean of Students office, along with a list of at least fifteen interested students and a faculty member willing to act as coordinator.

Participation certificates for club activities and inter-college competitions are issued by the respective club coordinator and may be used by students when applying for certain scholarships or internships that consider extracurricular involvement.

10. Anti-Ragging Policy

Sunrise Institute of Technology maintains a strict zero-tolerance anti-ragging policy in line with applicable regulations. An Anti-Ragging Committee, consisting of faculty, hostel wardens, and student representatives, is constituted at the start of every academic year.

Any student who witnesses or experiences ragging is encouraged to report it immediately through the anonymous reporting box, the anti-ragging helpline number displayed at the hostel entrance, or directly to the Dean of Students.
